

AUTO STEEPLCHASE MAY BE ONE EVENT Arranging for Hurdle Race Up the Avenue.

EXCITING, BUT WITHOUT RISK

Chairman Warner Issues a Statement
Regarding Stories of Friction Be-
tween G. A. R. and General Miles.
Are on the Best of Terms.

The project of the participation of
the various motor vehicles in a grand
parade and series of races for the en-
tertainment of the visitors to the com-
ing encampment is assuming large pro-
portions, and it is believed will prove
one of the largest, if not the most
prominent feature of the various enter-
tainments that will be provided for the
veterans' amusement and pleasure.

When Chairman Brainerd H. Warner
returned to his office today at encamp-
ment headquarters Vice Chairman Robert
B. Brown, of the motor vehicle com-
mittee, called upon him and laid the
entire plan before him. The wave of en-
thusiasm that has seized many of the
most prominent citizens of the town re-
garding the matter at once manifested
itself in Mr. Warner's case, and he is
now one of the most enthusiastic sup-
porters of the movement.

The additional features that were
suggested today provide for a handicap
race in addition to the speed tests. Many
of the makers of these vehicles claim that
they can climb stairways and submit to
other remarkable tests. In view of this
it has been suggested that an obstruc-
tion race might prove an interesting
feature.

For an Auto Handicap.

It is proposed as soon as the speed
tests are over to dump a quantity of
sand at one point along the Avenue un-
til it is several feet deep. Steep in-
clines will be provided at other points
with rapid descents, and in still other
localities a complete stairway will be
set up such as is usually found over a
style. While these obstructions will add
interest to the racing and prove excit-
ing and interesting, it is positively stat-
ed that they will be unattended with
risk, as it is pointed out, the owners of
these machines, some of which cost
\$15,000 or \$20,000, would not consent to
subject their vehicles to unusual risks.

At every point the committee is pay-
ing the closest attention to the safety of
not only the public in general, but to
the safety of the vehicles and their op-
erators, and no doubt is entertained but
that the entire program can be carried
out without a single accident. Mr.
Brown, who measured the distance to-
day, states that it is a full mile from
First to Thirtieth Street on Pennsyl-
vania Avenue, he personally having
measured the distance, and that even
running at sixty miles an hour a motor
vehicle could be brought to a stop in
the distance from Thirtieth to Fifti-
enth Streets.

Racer Winton May Come.

Winton, the great racer, has already
been communicated with, and it is said
has evidenced his desire to come to
Washington to participate in the races
that are to take place, hoping that he
may receive a prize from the hands of
the President of the United States if he
should be so fortunate as to win. A
number of other famous racers are be-
ing communicated with and replies are
expected soon.

Among the local people the same in-
terest prevails and a number of local
machines will be entered in the contest.
One dealer stated today to Mr. Brown
that he had already ordered a machine
that will make fifty-seven miles an hour
and that nothing would please him more
than to have the opportunity to try con-
ditions, with some of the other fast
vehicles of the city and of the country.

Army Nurses Coming.

National Secretary Kate M. Scott has
written Secretary Bulkeley to inclose a
copy of the general orders by Delia A.
B. Fay from Upper Jay, N. Y., for the
convocation of the National Association
of Army Nurses of the Civil War and to
say that the writer will be in Wash-
ington in all probability from September
15 to October 15.

In spite of a well-defined custom in
the G. A. R. that the chief of staff of
the commander-in-chief shall be mar-
shal of the veterans' parade, a story has
found some circulation through various
out-of-town newspapers that General
Miles and his friends are bitterly dis-
appointed that the Lieutenant General
was not named for that office. The citi-
zens' committee has been made to feel
that it could serve the veterans of the
G. A. R. in no way any more acceptably
than by making General Miles prominent
during the encampment and it has
sought to do this to its utmost ability.

Statement of Mr. Warner.

The following statement by Chairman
Warner is designed to put at rest any
talk of disappointment on the part of
General Miles that someone else is to be
the marshal:
"I regret exceedingly that any ques-
tion has been raised relative to General
Miles and the part he is to take in the
encampment. General Miles manifested
every disposition to co-operate with the
reception committee and the stand-
ing of the organization of the reception
committee General Miles was tendered
the chairmanship, which, owing to cer-
tain engagements already made for the
month of October, he was compelled to
decline.

"Afterward the committee learned
that it might be possible for him to be
present, as he much desired to be.
Thereupon arrangements were made at
once to bring him into contact with all
the veterans. This action was in re-
sponse to and entire accord with the
expressed desire of the great body of mem-
bers of the G. A. R. General Miles paid
an official call on General Torrance when
the latter was in the city, and the com-
mander-in-chief returned the same at
the earliest moment and extended an
invitation to General Miles to occupy a
position with President Roosevelt and
himself on the reviewing stand.

Disagreements Imaginary.

"All these disagreements are purely
imaginary. The question of the mar-
shalship of the veterans' parade was
never even raised, as it has always been
customary for the chief of staff of the
Grand Army to command the parade."
Mr. Colin Studds has written the execu-
tive committee that the Pennsylvania

Railroad and every other road in the
Passenger Traffic Association would
have printed special colored posters an-
nouncing the encampment and post them
conspicuously all over the country,
reaching practically every railroad sta-
tion in the United States. In this con-
nection Mr. L. S. Brown, general agent,
passenger department, of the Southern
Railway, has called the attention of the
committee to a very handsome poster
which is of a light blue and white, which
is now distributed throughout the South
and of which a copy has been sent to
headquarters.

COLORED WOMAN STABS ANOTHER IN ALLEY FIGHT

Lillie Thomas in Custody for Using a
Knife on Maria Thomas.

Maria Thomas and Lillie Thomas, two
colored women living in Stevens Court
northwest, had a quarrel about 7 o'clock
this morning over a trifling affair. The
argument between the women grew
heated, and finally blows were struck.
A fierce fight was soon in progress
and Lillie seeing that she was getting
the worst of the affair, seized a knife
and plunged it in Maria's right shoulder.
The knife cut a gash of several
inches in length, which was exceedingly
painful.

The fight ceased after the cutting and
a policeman of the Third precinct took
Lillie into custody charging her with
assault, while Maria was removed to
the Emergency Hospital where her in-
juries were dressed, after which she
went to her home.

TERRIBLY SLASHED WITH A KEEN RAZOR

Charles West, Colored, Is Seriously
Wounded During a Street Fight.

One of the most ghastly wounds ever
treated at the Casualty Hospital was
that received by Charles West, colored,
during an altercation last night in
Southeast Washington. The injured man
is twenty-four years of age, and
resides at 659 Navy Place southeast.

West's assailant attacked him with a
knife or razor, and by a powerful blow
the weapon cut through his derby hat,
inflicting a long wound of the forehead,
involving the temporal artery, and re-
quiring many stitches to close it. When
taken to the hospital in the patrol wagon
of No. 5 police station, West was sub-
merged in blood. He was extremely
weak, and while on the operating table
it was necessary to administer stimu-
lants to him to prevent heart failure
from the excessive loss of blood and
shock. His condition is serious.

POLICE HEADQUARTERS MOVING TO NEW HOME

Louisiana Avenue Building Considered
Best Department Ever Had.

Today was "moving" day at Police
Headquarters, and it will be several
days before the officials of the local
Police Department have everything ar-
ranged in their new quarters on Louisi-
ana Avenue northwest. As early as 7
o'clock this morning big vans were
busily engaged in carting to the new
quarters the effects of the department.

All of the rooms in the new building
have been apportioned, and it is be-
lieved that the new headquarters will
be the finest that the officials of the
local department have ever had. Re-
pairs are still going on, however, and it
will be some little time before the ma-
chinery of the department has once
more started. The old Police Head-
quarters will be occupied solely by the
Fire Department.

Regatta Committee Meeting.

The Potomac and Georgetown Uni-
versity boat clubs have been working for
the last two weeks on the Potomac
River regatta, which is to be held Oc-
tober 6. At last night's meeting an en-
couraging letter was received from
Commissioner Macfarlane, enclosing a
subscription of \$10. Information was
also received from the Old Dominion
Boat Club, of Alexandria, Va., prom-
ising support and co-operation.

Marriage Licenses.

The following marriage licenses were
issued at the City Hall today:
Joseph Richards and Mary A. Walsh,
John Robinson and Elizabeth Conner,
James R. Purcell and Pearl M. Tay-
lor,
Mason Ridenour and Sarah Brown.

New N. C. Pine Flooring, \$1.45

MATTERS OF INTEREST IN DISTRICT AFFAIRS

By order of the Commissioners, the
rates for cars and double teams en-
gaged for work under the Engineer De-
partment will hereafter be \$1.75 per
diem for the former and \$3.50 per diem
for the latter.

The Commissioners have directed that
George S. McCormick be permitted to
move public hay scales No. 4 from the
corner of Seventh and P Streets to 2015
Seventh Street northwest.

Nathan Bickford, chairman of the
floral decorations for the Grand Army
Encampment, has written to the Com-
missioners requesting that a place in
the circle on the east side of Seventh
Street, opposite the Hancock statue, be
suitably marked before the opening of
the encampment.

The Commissioners have directed that
payment of the second half-tax for the
year 1885 and all of the tax for the year
1888 against part of lot 36, in the square
bounded by M, L, Thirty-third and
Thirty-fourth Streets northwest, be
accepted without interest and penalty
subsequent to January 1, 1891, the date
of a tax certificate issued from which
the said tax was omitted.

Acting on the advice of the Building
Department the Commissioners have
granted a permit to Mr. N. Hersher to
remove and replace a frame stable in
the rear of lots 21 and 22 fronting on
Newark Street, provided he locates the
same 30 feet from the nearest dwelling,
but that he be not allowed to take the
stable three feet as requested, depriving
his neighbor of the protection due him
under the Building Regulations.

SAYS STREET CLEANERS MAKE STREETS DIRTY

Dr. Dobson Complains, But Police Find
No Abuses as Yet.

Dr. H. A. Dobson, of 100 Eleventh
Street northeast, recently wrote to the
District Commissioners complaining
that one of the street-cleaning gangs
operating in the vicinity of Lincoln Park
had several times fed his horses at noon
with corn on the cob under a tree in
front of the Dobson residence, leaving
the corn and cobs scattered about in
the street. The street-cleaning gang
working the neighborhood deny to the
police ever having fed their animals in
front of Dr. Dobson's residence.
Major Sylvester has directed the of-
ficers patrolling in the vicinity to give
the subject of the complaint their spe-
cial attention.

MUST HAVE A SEWER FOR EVERY DWELLING

Application of Maurice Fitzgerald De-
clined by Commissioners.

Acting upon the recommendations of
the Inspector of Plumbing and the Su-
perintendent of the Water Department,
the Commissioners have determined to
decline the application of Maurice Fitz-
gerald, who requested permission to use
three sewers for five houses, 67 to 75 K
Street southwest.

The ground for this action is that the
houses in question are of the brick
houses and in the nature of permanent
improvements. In all such cases it is
the policy of the Commissioners to re-
quire each house to be connected sepa-
rately with sewer and water main.

The applicant will be so informed.

in the saloon of Patrick J. Cook, 3214 M Street northwest. The
principals were James E. Bailey, of 312
M Street southwest, and George Gos-
nell, of 1064 Jefferson Street northeast.
Gosnell received several stab wounds in
the right side and breast, while his as-
sailant escaped injury. The injured man
was taken to the Georgetown Uni-
versity Hospital where the wounds were
dressed. Gosnell, though not seriously
injured, suffered much for several hours.

CROWDS ATTEND THE ANNUAL POLICE SALE

Blind Bidding Causes Merri-
ment Among Purchasers.

Proceeds to Enrich the General Fund.
Forty Bicycles Bring Good
Prices.

The annual sale of goods confiscated
by the local police during the past six
months was begun at public auction this
morning at 929 Pennsylvania Avenue
northwest.

An immense crowd assembled, and a
number of bids made upon various size
packages were exceedingly humorous.
One portly individual, who was greatly
in evidence while the bidding was in
progress, seemed particularly anxious
to secure possession of a large bulky
package. He was opposed by a negro
minister, however, and the bidding
which began at 50 cents, soared upward
until it reached \$2. "Use done, sah,"
said the colored minister. The man of
weight, with a triumphant gleam in his
eye, put up the necessary \$2.

A feature of the sale was the forty or
more bicycles offered to purchasers at
various prices. Some of the machines
were in excellent condition, and were
sold exceedingly cheap. All of the bi-
cycles had been found on the streets by
the police or were taken from thieves.
Chief Clerk Arthur Kemp, who has
charge of all police property, expects
that the sale will greatly enrich the
general police fund.

Goes to Swell District's Coifers.

demanded Judge Bundy when Payton

arrested in the Police Court today to
answer to a charge of being disorderly.
"Nothin'," was the prompt reply.
"Why don't you work?"
"Don't need to,"
"Why not?"
"Cause I draws a pension of \$45 a

"Got ma' arm shot off fightin' Injuns
